• ISBN-13: 9780857731883

Book Synopsis

In his new book, the author of the best-selling *Black Boys and Mean Girls* of schools, explores the 21st-century underperformance of African American males in U.S. schools. Using a synthesis of research, evidence, and theory, Howard discusses the dangers and promise of Black males by analyzing their unique experiences, strengths, and challenges. He identifies key factors that impact their success, such as their relationship with teachers, parents, and the community. Howard offers a path forward for how we think about, teach, and raise Black males. *Black Maled (d)* is a must-read for educators, parents, and anyone who cares about the future of our nation's young men. It is a powerful and timely work that challenges us to rethink our current practices and policies. *Black Maled (d)* is a must-read for anyone who cares about the future of our nation's young men. It is a powerful and timely work that challenges us to rethink our current practices and policies.
